

U3A Devon Tour: 30 April to 4 May 2011

Our tour to Devon was eventful as we experienced many interesting sites and all weathers - particularly on Dartmoor! We did have some good weather at Dartmouth where the sun simmered over the castle and lovely harbour. At Launceston Castle we were met by members of Launceston U3A who gave us a short tour which ended with tea and tasty cakes. We also visited the motte and bailey castle of Totnes and Killerton House near Exeter, which had lovely azalea gardens and even an Iron Age hill-fort.
